PLEASE NOTE: To avoid any perceived or actual risks of conflict of interest, Blue Sky Community Services is unable to deliver NDIS provider services on the Mid North Coast of NSW (Port Macquarie through to Coffs Harbour). This is due to Blue Sky Community Services' role as an NDIS Partner delivering Local Area Coordination Services in the Mid North Coast region.

NDIS Support Coordination and Plan Management Services

blue sky

Your Local NDIS Registered Provider

Why should you choose Blue Sky Community Services?

We are a strengths-based and person-centred community organisation.

We place YOU at the centre of every decision that is made, so that you have full choice and control about your services and the life you want to live.

We will work in partnership with you to support you to access the services you need and to connect with and participate in your local community.

Choosing Blue Sky means you can feel confident that your NDIS plan and funds are being managed in a professional and transparent manner. We provide Level 2 Support Coordination and Level 3 Specialist Support Coordination.

What is Support Coordination?

Support coordination will assist you to build the skills you need to understand, implement and use your NDIS plan.

A support coordinator will work with you to ensure a mix of supports are offered to increase your capacity to maintain relationships, manage service delivery tasks, live more independently and be part of your community.

What is Plan Management?

Plan management services provide assistance and support to manage the administrative side of your NDIS plan funding.

We can help you to:

manage and monitor your NDIS budget

manage your NDIS claims, and pay funds to providers for services delivered

see how much you have spent in your plan through regular statements

increase your choice and control with the providers or supports you require.
